PROFESSIONAL SUMMARY

I am looking for opportunities to help further my career as an Audio Engineer. I recently graduated from Full Sail University, attaining a bachelor's degree in Audio Production. My current goal is to gain experience in audio engineering, continue to learn and improve with software, and strengthen and add to my skills all while making connections in the industry.

SKILLS

- Instruments (7+)
- Miking Equipment
- Organization
- Audio Recording
- Adaptability
- Teaching
- Music Theory
- Collaboration

EXPERIENCE

Live Audio Engineer- Anderson Mill Pub Jam, *Cedar Park, TX* *07/26 - Present*

- Working with a large number of artists in rapid succession and dialing in the right processing immediately.
- Set up the Behringer x32 as well as cable snakes and equipment.
- Communicate with artists to ensure comfort with equipment and correct levels on monitors.

Audio Engineer- BETTER SOUND STUDIOS, *Dripping Springs, TX* *07/26 - 09/26*

- Tracking a wide variety of instruments/voices through all sorts of gear in the live room.
- Giving clients a welcoming and knowledgeable experience to ensure a steady, creative process.
- Mixing/mastering tracks in the control room so every song is ready to be released.

Teacher- LEANDER MUSIC SCHOOL, *Leander, TX* *09/25 - 09/26*

- Teach individual 30, 45, or 60 minute lessons for guitar, bass and ukulele.
- Develop individualized curriculum such as songs, activities or assignments based on student needs.
- Substituted for other teachers, having to adapt to different lesson plans while giving students new knowledge.

INTERNSHIP EXPERIENCE

CEDAR CREEK STUDIOS *10/25 - 12/25*

- Set up and tore down equipment (mics, instruments, baffles, Leslie) for sessions.

ARLYN STUDIOS *10/25 - 10/25*

- Worked alongside others to tear down drum kits, baffles, cables, mics and stands.

CERTIFICATIONS

- Avid Certified - Pro Tools Specialist Operator.
- Avid Certified - Pro Tools Music Professional.
- Dante - Level 1 Certified.
